

# Johns Hopkins Plastic Surgery Faculty Call Schedule

CALL BEGINS @ 7:00 AM ON THE DAY SPECIFIED ENDS AT 7A M THE FOLLOWING DAY

**HAND CALL:** Weekly switch time with orthopedic surgery is 7am on Mondays, based on the consult request time, not patient registration time in the ER. (\*) denotes Hand Call days. Hand Call covers: 1) injuries or surgical disease involving all structures distal to the radial articular surface and 2) injuries or surgical disease of the soft tissues of the forearm. **Per agreement with Drs. Brushart, Laporte, and Deune, any orthopedic resident requests for Plastic Surgery assistance in surgical vascular issues during Orthopedic's week should be directed to the Orthopedic Hand Attending on-call, who will decide if Plastic Surgery needs to assist.**

**FACE CALL:** Alternates daily with Otolaryngology. Plastic Surgery is on-call on the odd-numbered days of the month based on the patient registration time through the ER.
